M.A. Drew

M.A. Drew is a Detective in one of our Nation's largest cities assigned to high profile cases that often require covert investigative skills. He investigates crimes involving narcotics, gangs, adult & child sex crimes, human trafficking, and Internet crimes against children (ICAC Task Force). As an open source intelligence analyst and computer forensics and cyber-security specialist, he utilizes these skills to assist in criminal and private investigations of all types. He is a veteran investigator at his agency, and forever a proud United States Marine with overseas deployment experience. First and foremost, Mr. Drew is a privacy and security advocate with a passion for teaching digital operational security and identity management solutions. His classes are available Nationwide to law enforcement, military organizations, and select groups in the private sector. Mr. Drew provides resources on his blog (<https://hidingfromtheinternet.com>) which covers a variety of privacy & security related topics...
