

Tactical Narcotics Debriefing

Hosted by:
Northeast Counterdrug Training Center
Evansville Police Department

This course teaches all types of law enforcement officers from a variety of duty assignments to conduct effective debriefings of new arrestees, jailed prisoners, prison inmates, probationers, parolees, and other individuals for the purpose of acquiring intelligence information and cultivating informants. This training course has been taught to, and used by, members of the NYPD Intelligence Division, Field Intelligence Officers (FIO), and hundreds of law enforcement officers within the 17 impact zones (high crime cities) throughout New York State with outstanding results and subsequent successes. It has resulted in the development of more counterdrug-related informants, terrorist-related informants, and “actionable” intelligence in these zones than ever before.
