## Courtroom Testimony

Location : CK Newsome Center

100 E. Walnut St. Room 118 C & D , Evansville, IN

### COURSE DESCRIPTION

This course is designed to improve your skills in testimony, to increase your awareness of the court system processes and guide you to better understand your important role which will increase your ability to be successful. One of the most important tools often overlooked during the training cycle of law enforcement officers throughout their career is how to win in court. Those involved with investigative and enforcement activities should be aware that successful law enforcement initiatives do not end at the conclusion of an investigation, arrest and/or issuance of a traffic citation. In fact, the investigation, arrest or citation is only the beginning stage of many, in what appears to be a never ending legal process. It is only at the end of this entire process that includes and encompasses the totality of the prosecution, defense and trial phase of a case that results in a conclusion for the officers involved..
