The other driver called someone who interpreted for him to speak with the RP. While waiting on police to arrive, the person interpreting told the RP that the driver didn't have a license or insurance. RP states she looked at her vehicle and didn't see much in the way of damage at the time, so she agreed to just let it go. RP did take a photo of the other driver's plate. She and the other driver left the scene and the RP called dispatch to cancel the run. RP states that now that she has snow and dirt cleared off of her vehicle, she can see there is more damage than she initially believed, which is why she is wanting a report to give to her insurance. RP was told that given the time that had elapsed since the accident occurred that a proper motor vehicle accident report can't be taken, but that we would write up an incident report with what she told us to present to her insurance company.	
		The RP showed me a photo on her phone timestamped February 5th, 2026 of an Indiana license plate 570DQF. In the photo, the plate is on a tan or lt grey Hyundai Elantra.

After the cashier alerted Asset Protection, both subjects fled the store. The officer made contact with them in the parking lot, but they initially failed to comply with verbal commands and attempted to evade. One subject reached toward his waistband, prompting the officer to draw his firearm for safety. Both subjects were detained, advised of their rights, and interviewed. The subject who completed the transaction admitted to instructing the cashier to select "cash" to force the transaction and acknowledged leaving without paying. The second subject was determined to have only been accompanying the first and was released at the scene. The primary subject was transported to the county correctional Center.
